NOTIFICATIONS: SGT. Yes LT. Yes CAPT. Yes MAJOR. Yes DISPATCH. Yes

**WHAT HAPPENED (DETAILS):** The driver of vehicle #1 a black Ford Contour was traveling southbound on SR-165 near the 4600 S. intersection in the inside lane when vehicle #3 described as an older full size van, that was dark in color pulled out eastbound from 4600 S. and turned northbound partially in the southbound inside lane. This caused vehicle #1 to swerve to the left to avoid colliding with vehicle #3 and vehicle #1 was hit by Vehicle #2 a white Chev. Suburban broadside in the northbound inside lane of SR-165 at 4600 S. The driver of Vehicle #1 was critically injured and pronounced dead at Logan Regional Hospital a short time after the crash. The driver of Vehicle #2 was shaken up and was checked at the scene and released. Vehicle #3 was only identified as an older model van that was dark in color possibly red. UHP is looking for any other witnesses that may have seen something.
